<b>ISD REVISION</b>	<b>Processors Supported</b>	<b>Processors NOT Supported</b>
<b>ISD 8.0 (005-43892)</b>	AV20000	
<b>ISD 9.0 (005-44025)</b>	AV(2000,3000,3600,3650,4700, 4800,4900,5900,6600)	AV20000

**PROBLEM:**

The 4.20 version of ISD 9.0 has not been approved for use with AV20000 configurations.  
 The current restriction is not a result of any technical limitations in the ISD 9.0 release.

**IMPACTS:**

ISD 8.0 will continue to be scribed on all AV20000 shipments.  
 ISD 9.0 will be scribed on all NON- AV20000 shipments
